MAYOR'S MESSAGE

Darebin is growing and changing. Let's shape our future together.

As our diverse community grows and changes, so do our housing needs. Darebin is growing faster than was forecast. It is now expected we will be home to about 46,500 more residents, or 24,000 more households by 2036*. To plan for this, we're preparing a new Housing Strategy and Neighbourhood Character Study.

Let's work together towards thriving neighbourhoods where all community groups feel welcome to connect and participate.

Help us prepare our Housing Strategy and Neighbourhood Character Study by telling us how you think Darebin's housing can best meet the needs of our diverse community in the future.

**Darebin Housing Demand and Supply Analysis, SGS Economics and Planning 2020*

Cr Lina Messina
Mayor

HOUSING STRATEGY AND NEIGHBOURHOOD CHARACTER STUDY

The Housing Strategy and Neighbourhood Character Study will help plan Darebin's housing to best meet the needs of our diverse community in the future. It will:

- Include a 20 year-vision for housing in Darebin
- Outline the housing context in Darebin
- Outline our residents' housing needs
- Guide the location of new housing
- Guide the look and feel of new developments on residentially zoned land
- Provide evidence to amend planning policy and controls that guide what our neighbourhoods will look like.

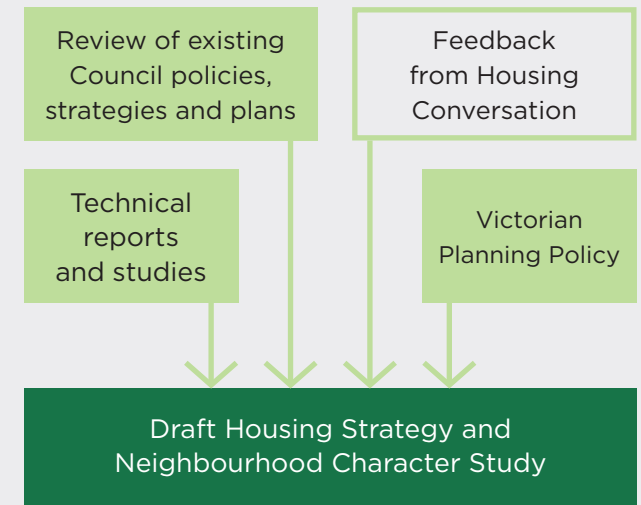

HAVE YOUR SAY

Let's shape our future together. If you live, work or socialise in Darebin we'd love to hear from you. Tell us how you would like our neighbourhoods to look and feel now and into the future. You can provide feedback from 28 June to 8 August.

Everyone's perspective is important. Everyone with a connection to Darebin is encouraged to be part of the Housing Conversation.

Community feedback will be one of several inputs that will inform the new Housing Strategy and Neighbourhood Character Study:

Visit yoursay.darebin.vic.gov.au/housing to have your say via the online survey or to find out more about the project and its timeline, or our face-to-face feedback sessions.
