Dear Community Member,

Re: Donath and Dole Reserves Master Plan – new path from Wagga Road to Lambassa Grove

As part of the implementation of the Donath and Dole Reserves Master Plan (2014), Council will be carrying out the following improvements in the coming months:

- construction of a new 2.5 metre wide concrete path along Wagga Road and the north of Donath East Reserve, connecting Wagga Road to Lambassa Grove (see attached plan). This new path will provide safe and convenient access and is the first stage in creating better connections across Donath East Reserve
- Speed cushions on Wagga Road to reduce traffic speeds and provide a safe crossing point for pedestrians and cyclists across Wagga Road

As a result of detailed analysis, the shared path is not proposed to bisect the ovals on Donath East as shown in the original master plan. Rather it will wrap around the northern section of the reserves with this path being the primary connection across the site. This is due to the fact that the ovals are commonly used for cricket and the path to the north will provide a safer route for all park users.

Please find plan for the proposed works on the reverse of this letter.

To provide feedback and for more information, please visit the Donath and Dole Your Say page here: www.yoursaydarebin.com.au/donathdolemasterplan

If you're unable to access the Your Say website and would like to share your thoughts, please get in touch with me before 13 November 2019 on the details below.

Yours sincerely
