## What was the previous design for the garden bed?

This earlier design proposed a significant modification to the garden bed in the south-east corner of Penders Park. We heard from the community the trees and vegetation in this garden bed were valued, so we worked together to make some changes.

## **Previous Design:**

## **Vegetation Retention and Removal Plan:**

In the previous design, three of four existing Callistemon trees and all vegetation layers were proposed for removal. One of the existing Callistemon trees was proposed to be retained and included as part of the new playspace.

Garden beds

Timber platform

Bluestone edging

Sandpit

Rubber safety surface

Nature play rocks and logs

Accessible path

Artistic steel cubby

Decorative concrete

Sandpit with fossils

Touchwood totems

New trees

Animal sculptures
